ISM INTERNATIONAL

ELECTRONIC COMPONENTS DISTRIBUTION

Principal List

A.Maier

Precision Miniature Insert Molded Products; Custom and Standard Products.
www.a-maier.com

Excel Cell Electronics (ECE)

A Taiwanese TS16949 Certified Supplier of Switches; Automotive and Industrial Relays; Terminal Blocks; Connectors (Including Mini USB); Resettable Fuses and Lead Frames
www.ece-usa.com

Goldentek

A TS16949 Certified Manufacturer of LCD Panels and Modules Extended Temperature for Automotive Applications Touch Screen Panels and Assemblies US Applications Engineering and Inventory
www.goldenteklcd.com

Harbin Electric

Manufacturer of Linear, Brushless, Micro Motors and Controllers for Automotive, Industrial and Automation Systems. Complete Engineering and Design Capabilities in the US
www.harbinelectric.com

Jasper Electronics

One of the Fastest Growing Companies Producing Switching Power Supplies Product Ranges from 10 Watt Power Supplies to 10kW Power Systems External Wall Mount, ATX, Custom Facilities in US, Malaysia, and China
www.jasperelectronics.com

Juken Swiss Technology

Swiss Manufacturer of High Resolution Stepper Motors and Driver IC's Front Side and Back Mounting Shaft-less and Solder-less Designs; US Distributor
www.switec.ch

125 Electronics Blvd. Suite D, Huntsville, AL 35824
Tel: 256-772-7500 Fax: 256-772-7555
Mobile: 256-603-7867
Email: dennis@ism-corp.com

Juken Technology

Plastic Injection & Insert Molding
Malaysian Precision Mold Maker Plastic
Gears to 20 Micron Tolerances Tool
Fabrication & Modular Assembly Seven
Production Facilities in Malaysia Thailand,
India, and PRC
www.jukentech.com

PowerStax, Plc.

Full Range of High Power Density DC-DC
Converters. Inverters for Cathodic
Protection, Voltage Optimization, etc.
Complete Mil COTS Line Up of Single
and Multiple Output AC-DC and DC-DC
Power Supplies/Converters for Defense,
Homeland Security, Shipboard, Ground
and Mobile/Vehicle Equipment.
www.powerstaxplc.com

Riyang Electrical Co.

A TS16949 Certified Factory Located in
Changzhou, China, Specializing in a Full
Range of Connectors, Terminals, Wire
Harnesses, and Electrical Components for
Automotive, Motorcycles, and Home
Appliances. Strong Engineering and
Technical Support. UL Approved Lab and
In-house Tooling.
